

Aruvi Hostels

Hostel Administration Office

Room Swap Guidelines Academic Year 2026–2027

1. Overview

Aruvi Hostels allows room swapping between students as a structured facility to improve comfort, compatibility, and living conditions. The process is governed by strict rules to maintain discipline, fairness, and administrative control within the hostel environment.

Room swapping is permitted only through the **official hostel portal** and requires prior approval. Unauthorized room changes are strictly prohibited and may result in disciplinary action.

2. Purpose of Room Swap

Room swap requests may be submitted for reasons including, but not limited to:

- Mutual agreement between students
- Compatibility issues with current roommates
- Academic or personal convenience
- Health or accessibility concerns

Submission of a reason is optional but recommended, as it may assist in faster review and approval.

3. Eligibility Criteria

Room swapping is allowed only under the following conditions:

- Both students must be **currently registered hostel residents**
- Both must belong to the **same hostel facility**
- Both must belong to the **same gender category**, as per hostel policy
- Both rooms must be valid and active at the time of request

Requests that do not meet these criteria will be automatically rejected.

4. Mutual Consent Requirement

Room swapping is strictly based on **mutual consent** between the involved students.

- Both students must independently:
 - Agree to the swap
 - Confirm the request through the portal

Important Conditions:

- If either student **rejects or fails to confirm**, the request is cancelled
- No swap will proceed based on a **single-sided request**
- Consent once given is considered binding unless withdrawn before approval

5. Application Process

Students must submit a room swap request through the official system including:

- Details of both students (Name, ID, Hostel)
- Current room numbers
- Proposed swapped room allocation
- Optional reason for swap

All details must be:

- ✓ Accurate
- ✓ Complete
- ✓ Consistent with hostel records

Providing false or misleading information may result in rejection or disciplinary action.

6. Approval Workflow

Room swap requests follow a structured approval process:

1. **Initiation by one student**
2. **Confirmation by the second student**
3. **Warden review and approval**

The warden will evaluate:

- Availability and suitability of rooms
- Student records and conduct
- Overall hostel conditions

Final Note:

The swap becomes valid **only after official approval**.

Any change before approval is considered unauthorized.

7. Restrictions and Grounds for Rejection

Room swap requests may be rejected under the following conditions:

- Pending complaints or disciplinary records
- Incompatibility with hostel policies
- Frequent or repeated swap requests
- Administrative or operational constraints

The decision of the hostel administration is final.

8. Responsibilities of Students

After approval, both students are responsible for:

- Shifting their belongings within the stipulated time
- Ensuring cleanliness of both rooms during and after the move
- Avoiding disturbance to other residents

Any damages caused during shifting:

- Will be charged to the responsible student(s)

9. Conduct and Discipline

Students must maintain:

- Respectful behavior towards roommates
- Proper use of hostel facilities
- Compliance with hostel rules at all times

Any misuse of the room swap facility may result in:

- Cancellation of privileges
- Disciplinary action

10. Conflict Resolution

In case of disputes after swapping:

- Students must report the issue to the warden
- The administration will review the situation

Possible outcomes include:

- Mediation
- Room reassignment
- Disciplinary action (if required)

11. Reversal Policy

- Once approved, room swaps are considered **final**
- Immediate reversal requests will not be entertained

In exceptional circumstances:

- The warden may allow changes at their discretion

12. Important Notes

- Room swapping is a **privilege, not a right**
- All swaps must be officially recorded in the system
- Unauthorized room changes are strictly prohibited

The hostel administration reserves full authority to:

- Approve
- Reject
- Modify or cancel any request
